- 1. APPROVAL OF MINUTES – Meeting of October 28, 2002**
- 2. QUESTIONS / FOLLOW UPS FROM OCTOBER 28, 2002 MEETING**

Members will have an opportunity to ask any questions or seek clarifications regarding topics discussed at the meeting including the role and function of General Plans, Subcommittee functions and duties, or the General Plan work program and Subcommittee process.

- 3. REVIEW AND DISCUSSION OF PRELIMINARY ISSUES REPORT**

Community input and issue identification are important first steps in a General Plan Update process. The information helps to form a base upon which to develop an overall vision, and key goals and objectives for the Update to address the issues. The City initiated the first phase of public input at the Vision 2020 Community Festival on April 27, 2002, and then continued input through an initial “visioneering” program that extended through August. All the public input has been entered into a database, categorized under one of nine topic areas, and summarized in the Preliminary Issues Report.

Staff will provide an overview of the Report with an emphasis on issues under the Environment and Open Space topic area. A copy of the Report, along with a listing of the comments database entries regarding the environment and open space are enclosed with this Agenda. Subcommittee members will have an opportunity to discuss the issues, and to identify any issues that may not have already been identified by the public. The Subcommittee will also participate in an exercise using member’s various perspectives to refine issues, identify major themes and interrelationships, and to determine any relative importance among the issues.

- 4. PUBLIC COMMENT**
- 5. ADJOURNMENT – to the Meeting of December 16, 2002, at 6:00PM**
